**Company Name:** \_\_\_\_\_

**Contact Name:** \_\_\_\_\_

**Date:** \_\_\_\_\_

The purpose of this addendum notice is to provide plan holders of the village's current bid for the purchase of **Cisco Network Hardware** with the following questions asked & answered to date.

**QUESTION:** For C9300-24UX-E, part S9300UK9-166 is no longer an option. Can we provide **S9300UK9-169** as an option & if not, what should we provide?

**ANSWER:** Yes, the part **S9300UK9-169** is an acceptable option for this situation.  
*Please make a note in the exception list of the bid.*

**QUESTION:** For ISR4431/K9 product SISR4400UK9-166 will no longer be available for sale from Cisco as of 01-Aug-2019. What should we use in its place?

**ANSWER:** We believe that part number SISR4400UK9-166 references the XE version of software. Replace with the current version of XE that meets the rest of the requirements, or use the part number recommended by Cisco in keeping with the intent of the equipment being purchased. *Please make a note in the exception list of the bid.*

**QUESTION:** For ISR4331/K9, not seeing part SISR4300NPEK9-1612 as an option yet in CCW, hence provided SISR4300NPEK9-169. Is this sufficient & if not, what should we provide?

**ANSWER:** Yes, the part **SISR4300NPEK9-169** is an acceptable option for this situation. **Please make a note in the exception list of the bid.**

**QUESTION:** For the other Smartnet (SNT items) that are not tagged for 3yrs, I have set it to 1yr (12 months). Is this the village's intent?

**ANSWER:** Yes, unless otherwise specified, a 1 year (12 month) Smartnet timeframe is implied.
