## ORGANIZATION CHART

## DEPARTMENT OVERVIEW

The Police Department is committed to the philosophy of community policing. By working together with citizens, businesses, schools, community groups, elected officials, public agencies, and other village departments, we can make a difference. The employees are empowered to take ownership over their particular area of assignment and to be proactive in identifying and solving problems in the community. By embracing the village's organizational values of customer service, respect, trust, teamwork, and integrity, public confidence will be maintained.

The Police Department is divided into three divisions, Bureau of Field Services, Investigations/Support Services, and Administration, each led by a Deputy Chief, with the exception of Administration, which is headed by a civilian manager. With a mix of sworn and civilian personnel, an efficient and effective work force is provided. The vision of the Police Department is to "Be a model law enforcement agency viewed internally and externally as professional, enthusiastic, trustworthy and at the forefront of the police profession." The members of the Police Department are committed toward the attainment of this vision.

## Special Operations Division

### Tactical Unit

The Schaumburg Police Department Tactical Unit is a proactive policing unit that deals with pattern crimes and quality-of-life issues that affect the residents of Schaumburg. The Tactical Unit continues its work on an ongoing Problem-Oriented Policing Project with the Patrol Division geared toward reducing potential criminal activity at the hotels. Each officer is assigned a specific hotel where they make frequent walk-throughs and build positive working relationships with hotel staff and management to help reduce the number of calls for service at the locations.

Tactical Unit Activity for the month:

### Noteworthy arrests and activities for the Tactical Unit

- Officers conducted several prostitution investigations which resulted in three compliance citations directly related to prostitution.
- Officers continued conducting hotel checks to get compliance with their camera systems.
- Officers assisted IDOC with a Parolee check that resulted in six felonies.

### Traffic Unit

The primary duty of the Traffic Unit is to improve traffic safety within the Village of Schaumburg through both enforcement, and education of traffic laws. Members of the Traffic Unit also investigate major crashes that occur and are responsible for managing the Illinois Department of Transportation (IDOT) safety and enforcement initiatives. Through its efforts, the Traffic Unit hopes to reduce traffic collisions, facilitate the safe movement of vehicles, bicycles and pedestrians, and expedite the flow of vehicle and pedestrian traffic.

Traffic Unit activity for the month:

Traffic Stops	Warnings	Compliance Tickets/Distracted Driving	Speeding	Cell Phone	Seat Belt	Other	Traffic Arrests	Truck Enforcement
112	35	79	3	44	3	24	3	5

### Auxiliary Unit

Auxiliary officers are non-sworn officers that perform a multitude of duties for the police department. Auxiliary officers conduct traffic control, parking enforcement, booking duties, as well as assignments at special events and other community relations functions. Auxiliary officers also conduct valet compliance checks to ensure locations with valet services are following the Village of Schaumburg ordinances.

## Patrol Division

- Beat 1 had a reported stalker in the 200 block of Braintree. The victim reported the person and obtained an order of protection. The subject was subsequently arrested for violating the order of protection.
- Beat 2 officers have been meeting with staff and students at the Boys and Girls Club Teen Center.
- Beat 3 Sergeant Sturghill created a directed patrol assignment at the train station regarding illegal dumping.
- There was a large protest in beat 4 at the corner of Schaumburg and Roselle Roads. Officers monitored the protest, and no issues were reported.
- Beat 5 Sergeant Guzman was contacted about parking complaints in Dunbar Lakes involving students from Conant. He created a long-term directed patrol assignment, notified parking auxiliaries, and contacted SRO Teipel at Conant. SRO Teipel relayed the parking restrictions to the student body. Throughout April, two vehicles were cited for parking over the allotted time limit.
- Beat 6 Sergeant Banbury continued to work with QOL to reinstate the traffic agreement at Streets of Woodfield.
- Beat 8 Sergeant Zuhr created a directed patrol assignment to have officers routinely check the area around the Andretti Racing and the parking garage.

- Beat 8 officers continued to monitor the parking issues on Skywater. There were zero commercial vehicles/semi-trucks cited, however five other vehicles were cited for miscellaneous violations.
- Beat 8 officers responded to Nations Pizza regarding a loud whistle coming from the business. Officers met with management about the whistle and they advised they would not be able to fix it until maintenance was on site. They were issued a compliance ticket for loud noise.
- Numerous directed patrol assignments continue to be in place for apartment complexes and hotel establishments regarding catalytic converter thefts.

### **Traffic Safety**

- Sergeant Parlberg created a directed patrol assignment in the area of Tiffany Drive and Walnut Lane. Officers are monitoring the area for moving violations specifically during the times school busses are present.
- Sergeant Lopez created special speed enforcement assignments for several locations throughout beat 10. Officers are monitoring those areas and are conducting traffic stops to address identified speeding issues. Numerous citations were issued to speeding vehicles throughout March.

### **Other Noteworthy incidents**

- Officers responded to a check for wellbeing in the 1700 block of Weathersfield Way that was deemed a homicide. Officers forced entry into the residence and located the victim and took the suspect into custody. The suspect was subsequently charged with First Degree Murder.
- Officers were conducting a traffic stop in beat 3 when the driver fled. The driver then unlawfully entered an occupied residence in the 1700 block of Autumn Avenue. Officers forced entry into the residence and took the subject into custody.

### **K9 Activity**

This month the K9 team remained active in both enforcement operations and community engagement efforts. The handler conducted an article search for a knife; however, no items were located. The team also participated in several community outreach events, including K9 presentations at Helen Keller Junior High School for Career Day, another school event attended by approximately 60 students, and a “Bring Your Child to Work Day” presentation, helping educate students and families about the role of K9 teams in law enforcement.

Operational deployments included a luggage sniff that resulted in two alerts, although no narcotics were ultimately located. The K9 team also conducted two separate vehicle sniffs, one of which resulted in no alert. During the second vehicle sniff, the K9 alerted to the presence of narcotics, leading to one arrest and the seizure of approximately one gram of cocaine. Additionally, the K9 assisted Elk Grove Village Police Department with a currency sniff, where the K9 positively alerted on concealed currency.

## Real-Time Information Center

The Real Time Information Center (RTIC) provided critical support across a range of public safety operations in both real time and investigative follow-up for 105 incidents and 15 internal customer service requests during the month of April.

The most common incidents, consistent with previous months, continue to be traffic crashes and traffic-related incidents, accounting for 35% of RTIC activity. Suspicious incidents and retail thefts combined with other property-related crimes, each represented 16% of total activity. Overall, the RTIC was able to locate relevant video or other data that contributed to identification of vehicles or locating involved parties in 67% of the requests made. This allows officers to respond faster and with more accurate suspect/vehicle descriptions.

As the month of April brought warmer temperatures, the RTIC proactively monitored known gathering areas for car club activity providing situational awareness for officers in the field. The RTIC also monitored roadways for e-bikes which pose a safety hazard to riders and the motoring public.

Highlighted incidents from the month are summarized below.

- The RTIC heard a Live 911 call for an unresponsive person on a PACE bus. The RTIC was able to locate the exact location of the bus on camera and directed responding personnel to its location.
- The RTIC operator reviewed video of a traffic crash and subsequent altercation between the drivers and shared the video with the responding officer. The officer used the video in part to determine the aggressor of the altercation and made an arrest for battery.
- The RTIC assisted an outside agency with locating a missing elderly person. The person's vehicle was tracked to Michigan where the outside agency was able to concentrate further efforts in locating that person.
- The RTIC operators heard a Live911 call of a delayed retail theft. One operator located the offending vehicle while the second operator shared further information with responding officers who located the vehicle and made a traffic stop. The officers' further investigation led to an arrest.
- Northwest Central Dispatch received an automatic traffic crash notification from an Acura with no further contact from the driver. The RTIC operator located the crash on camera in the area the vehicle reported and directed officers to its location for further assistance.

## Police Social Services Unit

The purpose of the Police Social Service Unit is to provide crisis response services for those who come into contact with the public safety personnel or who experience a life disrupting event. The unit is currently staffed by two full-time and one part-time licensed, master's level social workers who provide a variety of services and programs 24 hours a day, seven days a week. The unit serves to decrease repeated police responses, allowing officers to return more quickly to their primary duties, and decrease the risk of an individual committing a crime or becoming a victim of crime.
